

Wedding Photography – Packages:

I offer four wedding packages, as outlined below. My aim is to provide you with a quality service and since each wedding is unique, I am able to tailor my services to suit your requirements and budget. Please don't hesitate to contact me with that information and any questions, so that I can provide you with a more detailed quote.

(A) Bronze package (1 hour) – £160

Includes 1 hour of photography, travel time, discussion time and CD of enhanced images.
Ideal for engagement / pre-wedding day shoot with couple or just the wedding ceremony.

(B) Silver package (4 hours) - £600

Includes 4 hours of photography, travel time, discussion time and CD of enhanced images.
Ideal for the wedding ceremony, group photos and cutting of the cake.

(C) Gold package (8 hours) - £1000

Includes 8 hours photography, travel time, discussion time and DVD of enhanced images
Suitable if you want your whole wedding day photographed, from before the ceremony, throughout the reception and to the dancing!

(D) Platinum package (10 hours) - £1200

Includes a 1 hour pre-wedding day shoot and up to 9 hours of photography on your wedding day; plus travel time, discussion time and DVD of enhanced images
Suitable if you want your whole wedding day photographed, from before the ceremony, throughout the reception and to the dancing!

(T) Mileage

Travel charges are included up to a **20 mile radius** (from my home at RM9 4PP).
For all wedding venues further afield, **50p per mile** is charged (for venues less than 150miles away).
I am able to travel to locations further away, but this would add over-night expenses.

Wedding Photography – Service details:

Free quotation: I will prepare you a detailed quote once you have been able to supply me with more information about your wedding plans (see below). My services can be tailored to suit your requirements and budget. Please ask if you have any questions.

Pre-wedding consultation: So that we can discuss your ideas and expectations I would suggest we meet or talk on the phone before your wedding.

Photography of the entire day – I am able to begin with pre-ceremony shots (getting ready); arrival at the church; the ceremony; group photos; confetti; throwing of bouquet; reception; speeches; dinner, dancing and up to the departure of the couple.

My Photography Style: my emphasis will be on providing a relaxed, unobtrusive approach, creating an informal and spontaneous look, along with the traditional. My aim is to capture the true fun, laughter and emotions of the day as it unfolds, recording those precious moments that are otherwise often missed or sometimes even forgotten. I am likely to take between 1000 - 1500 photos during an 8 hour wedding day. Please click [here](#) to see samples of my wedding photos online.

Enhancing your photographs: I will provide a DVD of your Photos including the 'Best Of' selection in full colour and black & white formats (this will be posted to you within 3 weeks of the wedding). (this process of reviewing, selecting, enhancing and formatting always takes me much longer than the actual photography e.g. after an 8 hour wedding shoot I expect to take an additional 15-20 hours enhancing your images to make them look even better.)

So that I can prepare a quotation for you, please provide me with the following information:
